

PERSONAL INFORMATION Maciej Chorowski

WORK EXPERIENCE

From 2016 to present	Director National Centre for Research and Development, Warsaw, Poland
From 2012 to present	Head of Department Wrocław University of Technology, Department of Cryogenic, Aeronautical and Process Eng.
From 2005 to 2012	Dean Wrocław University of Technology, Faculty of Mechanical and Power Engineering
From 1998 to 2012	President of Board, CEO Wrocław Technology Park SA, Wrocław, Poland
From 1996 to 1998	Scientific Associate European Organization for Nuclear Research CERN, Geneva, Switzerland

EDUCATION AND TRAINING

2009	Professor, Wrocław University of Technology, nominated by President of Poland
2000	Habilitation Wrocław University of technology, Faculty of Mechanical and Power Engineering
1900	PhD in Mechanical Engineering, Cryogenics Institute of Heat Engineering and Fluid Mechanics, Wrocław, Poland

ADDITIONAL INFORMATION

Professional Interests	R&D referring to cryogenic systems of accelerators and tokamaks
Projects	Cryogenic system design support and review, contract between ITER IO and Wrocław Univ. of Technology, project leader at WrUT (2008 -2014)
Memberships	International Cryogenic Engineering Committee – Member, International Institute of Refrigeration – Commission President, CERN – Delegate to Finance Committee
Publications and Patents	Risk analysis of the ITER cryogenic system, AIP Conf. Proc. 1434, 1559 (2012), Safety aspects of big cryogenic systems design, AIP Conf. Proc. 1218, 1215 (2010)
Other Relevant Information	No
