

**PUBLIC DECLARATION OF INTERESTS**

**General Information**

Name:	Bernard BIGOT
Organisation:	CEA
Country:	France
Body or Committee:	Governing Board
Position:	Member

**Declaration**

Financial interests including real estate or other property/patents, or assets (shares and/or securities held in companies), grants or other funding which are or could be perceived as related to the domain of activity of the Joint Undertaking, with an indication of their number and value, as well as the name of the company/provider of the grant/funding:

No interests declared

Professional interests (last five years), including posts held in foundations or similar bodies, educational institutions, companies or other organisations (the nature of the post and the name of those bodies shall also be indicated); other membership/affiliation or professional activities held over the last five years, including services, liberal professions, consulting activities, and publications, with direct or indirect pecuniary or material benefits which are or could be perceived as related to the domain of activity of the Joint Undertaking:

I am CEO of the CEA (commissariat à l'énergie atomique et aux énergies alternative) since 2009. CEA is recognized worldwide as a public R&D institution contributing positively to the development of fusion energy. I have been nominated in 2007 to be the "Haut représentant du Gouvernement français pour l'accueil de ITER en France". My mission is to coordinate all the French administrations, at the ministerial level, to facilitate the implementation of the ITER Organization and ITER program in Cadarache (France). CEA is the channel by wich France will contribute financially (over 1.2 billions of euro) to the construction of the ITER facility.

Intellectual interests (last five years), including interests of non-pecuniary or material benefit to the individual, arising from professional activities or affiliation with national or international organisations or bodies which are or could be perceived as related to the domain of activity of the Joint Undertaking:

As a researcher in physical chemistry and a scientist since 1975 and as Haut Commissaire à l'énergie atomique, then CEO of the CEA (commissariat à l'énergie atomique et aux énergies alternative), since 2003, I has a long standing intellectual interest in the sustainable energies without GHG emission, generally speaking, and so in fusion energy. However, I never contribute scientifically to the field.
