The Joint Undertaking shall clearly identify each group of tasks in its human resource programming included in the annual and multiannual programming document referred to in Article 32.

Article 7

1. The Joint Undertaking may not receive *ad hoc* grants from the General budget unless authorised in the Constituent instrument.

2. Where the Joint Undertaking has been authorised to receive *ad hoc* grants the tasks financed by these grants shall be included in the annual work programme referred to in Article 32(3).

Article 8

Delegation agreements

1. The Joint Undertaking shall not be entrusted budget implementation tasks by the Commission except if it is duly justified by the special nature of the action and specific expertise of the Joint Undertaking.

2. The choice of the Joint Undertaking shall take due account of:

(a) the cost efficiency of entrusting those tasks;

(b) the impact on the Joint Undertaking's governance structure and on its financial and human resources.

3. Where the Commission exceptionally entrusts tasks to the Joint Undertaking:

4. Interests generated by pre-financing payment made from the budget of the Joint Undertaking shall not be due to the Joint Undertaking.

CHAPTER 2 PRINCIPLES OF ANNUALITY

Article 10 **Definition**

The appropriations entered in the budget of the Joint Undertaking shall be authorised for a financial year which shall run from 1 January to 31 December.

Article 11 **Type of appropriations**

1. The budget of the Joint Undertaking shall contain non-differentiated appropriations and, where justified by operational needs, differentiated appropriations. Differentiated appropriations shall consist of commitment appropriations and payment appropriations.

2. Commitment appropriations shall cover the total cost of the legal commitments entered into during the financial year.

3. Payment appropriations shall cover payments made to honour the legal

commitments entered into in the financial year or earlier financial years.

Article 12

Accounting for revenue and appropriations

1. The revenue of the Joint Undertaking referred to in Article 6 shall be entered in the accounts for the financial year on the basis of the amounts collected during that financial year.
2. The revenue of the Joint Undertaking shall give rise to an equivalent amount of payment appropriations.
3. The appropriations authorised for a financial year shall be used solely to cover expenditure committed and paid in that financial year, and to cover amounts due against commitments from preceding financial years.
4. Commitments shall be entered in the accounts on the basis of the legal commitments entered into up to 31 December.
5. Payments shall be entered in the accounts for a financial year on the basis of the payments effected by the accounting officer by 31 December of that year.

Article 13

Commitment appropriations

The appropriations entered in the budget of the Joint Undertaking may be committed with effect from 1 January, once the budget of the Joint Undertaking has been definitively adopted.

Article 14

Cancelation and carry-over of appropriations

1. Appropriations which have not been used at the end of the financial year for which they were entered shall be cancelled. Given the needs of the Joint Undertaking, the cancelled appropriations may be entered in the estimate of revenue and expenditure of

the following financial years, in accordance with Article 34. However, they may be carried over, but only to the following financial year, by a decision taken by 15 February by the Governing Board or, where the Constituent instrument allows it, by a body delegated by the Governing Board in accordance with paragraphs 3 and 4 or they may be carried over automatically in accordance with paragraph 5.

2. Appropriations relating to staff expenditure may not be carried over.
3. Differentiated commitment appropriations and non-differentiated appropriations not yet committed at the end of the financial year may be carried over in respect of:

(a) amounts corresponding to commitment appropriations;

(b) amounts corresponding to non-differentiated appropriations for which most of the preparatory stages of the commitment procedure have been completed by 31 December. The preparatory stage of the commitment procedure shall be specified in the rules implementing the Financial Regulation of the Joint Undertaking.

Such amounts may be committed up to 31 March of the following year, or up to 31 December of the following year for amounts relating to building projects.

4. Payment appropriations may be carried over in respect of amounts needed to cover existing commitments or commitments linked to commitment appropriations carried over, where the payment appropriations provided for in the relevant budget lines for the following financial year are not sufficient to cover requirements.

The Joint Undertaking shall first use the appropriations authorised for the current financial year and shall not use the

appropriations carried over until the former are exhausted.

5. Non-differentiated appropriations corresponding to obligations duly contracted at the end of the financial year shall be carried over automatically to the following financial year only.

6. Appropriations carried over which have not been committed by 31 March of year n+1 shall be automatically cancelled. Given the needs of the Joint Undertaking, the cancelled appropriations may be entered in the estimate of revenue and expenditure of the following financial years, in accordance with Article 34. Appropriations carried over in this way shall be identified in the accounts.

Article 15

Carry-over rules for assigned revenue

Carry-over of assigned revenue referred to in Article 23, and of appropriations not used and available at 31 December arising from such revenue, shall comply with the following rules:

(a) external assigned revenue shall be carried over automatically and shall be fully used by the time all the operations relating to the programme or action to which it is assigned have been carried out; external assigned revenue received during the last year of the programme or action may be used in the first year of the succeeding programme or action;

(b) internal assigned revenue shall be carried over for one year only, with the exception of internal assigned revenue defined in point (f) of Article 23(3), which shall be carried over automatically.

By 1 June of the year N+1 at the latest, the Joint Undertaking shall inform the Commission about the implementation of the assigned revenue carried over.

Article 16

Decommitment of appropriations

Where appropriations are decommitted in any financial year after that in which the appropriations were entered in the budget of the Joint Undertaking as a result of total or partial non-implementation of the actions for which they were earmarked, the appropriations concerned shall be cancelled. Given the needs of the Joint Undertaking, the cancelled appropriations may be entered in the estimate of revenue and expenditure of the following financial years, in accordance with Article 34.

Article 17

Commitments

1. As from 15 October of each year, routine administrative expenditure may be committed in advance against the appropriations provided for the following financial year. Such commitments shall not, however, exceed one quarter of the appropriations decided by the Governing Board on the corresponding budget line for the current financial year. They shall not apply to new expenditure of a kind not yet approved in principle in the Joint Undertaking's last budget duly adopted.

2. Expenditure which shall be paid in advance, for example rents, may give rise to payments from 1 December onwards to be charged to the appropriations for the following financial year. In this case, the limit referred to in paragraph 1 shall not apply.

Article 18

Rules applicable in the event of late adoption of the budget of the Joint Undertaking

1. If the budget of the Joint Undertaking has not been definitively adopted at the beginning of the financial year, the rules set out in paragraphs 2 to 6 shall apply.

2. Commitments and payments may be made within the limits laid down in paragraph

3. Commitments may be made per chapter up to a maximum of one quarter of

the total appropriations authorised in the relevant chapter of the previous financial year plus one twelfth for each month which has elapsed.

The limit of the appropriations provided for in the statement of estimates of revenue and expenditure shall not be exceeded.

Payments may be made monthly per chapter up to a maximum of one twelfth of the appropriations authorised in the relevant chapter of the preceding financial year. That sum shall not, however, exceed one twelfth of the appropriations provided for in the same chapter in the statement of estimates of revenue and expenditure.

4. The appropriations authorised in the relevant chapter of the preceding financial year, as specified in paragraphs 2 and 3, shall be understood as referring to the appropriations voted in the budget of the Joint Undertaking, including by amending budgets, and after adjustment for the transfers made during that financial year.

5. At the request of the Director, if the continuity of action by the Joint Undertaking and management needs so require, the Governing Board may authorise expenditure in excess of one provisional twelfth but not exceeding the total of four provisional twelfths, except in duly justified cases, both for commitments and for payments over and above those automatically made available in accordance with paragraphs 2 and 3.

The additional twelfths shall be authorised in full and shall not be divisible.

6. If, for a given chapter, the authorisation of four provisional twelfths granted in accordance with paragraph 5 is not sufficient to cover the expenditure necessary to avoid a break in continuity of action by the Joint Undertaking in the area covered by the chapter in question, authorisation may exceptionally be given to exceed the amount of the appropriations entered in the corresponding chapter of the budget of the

Joint Undertaking of the preceding financial year. The Governing Board shall act in accordance with the procedures provided for in paragraph 5. However, the overall total of the appropriations available in the budget of the Joint Undertaking of the preceding financial year or in the draft budget of the Joint Undertaking, as proposed, may in no circumstances be exceeded.

CHAPTER 3

PRINCIPLES OF EQUILIBRIUM

Article 19

Definition and scope

1. Revenue and payment appropriations shall be in balance.

2. Commitment appropriations may not exceed the Union contribution, plus own revenue and any other revenue referred to in Article 6**Error! Reference source not found.**

3. Where revenue is constituted by fees and charges in addition to the Union contribution, fees should be set at a level such as to avoid a significant accumulation of surplus. Where a significant positive or negative budget result, within the meaning of Article 97, becomes recurrent, the level of fees and charges shall be revised.

4. The Joint Undertaking may grant or raise loans in accordance with Article 4 and Annex III point 4 of the Statutes, with the necessary approval of the Governing Board. The conditions to take out and grant loans shall be defined in the implementing rules.

5. The Union contribution to the Joint Undertaking shall constitute for the budget of the Joint Undertaking a balancing contribution and may be divided into a number of payments.

6. The Joint Undertaking shall implement rigorous cash management, taking due account of assigned revenue, in order to ensure that its cash balances are limited to

duly justified requirements. With its payment requests it shall submit detailed and updated forecasts on its real cash requirements throughout the year, including information on assigned revenue.

Article 20

Budget result from financial year

1. If the budget result within the meaning of Article 97 is positive, it shall be repaid to the Commission up to the amount of the contribution paid during the year. The part of the budget result exceeding the amount of the Union contribution paid during the year shall be entered in the budget of the Joint Undertaking for the following financial year as revenue.

The first subparagraph shall also apply when the revenue of the Joint Undertaking is constituted by fees and charges in addition to the Union contribution.

The difference between the contribution entered in the general budget and that actually paid to the Joint Undertaking shall be cancelled. The Joint Undertaking shall provide, no later than 31 January of the year N at the latest, an estimate of the budget result from the year N-1, which is to be returned to the budget later in year N, in order to complete the information already available concerning the budget result of the year N-2. This information shall be duly taken into account by the Commission when assessing the financial needs of the Joint Undertaking for the year N+1.

2. In exceptional cases, where the Constituent instrument provides that the revenues arising from fees and charges are assigned to particular items of expenditure, the Joint Undertaking may carry over the balance of fees and charges as assigned revenue for the activities related to the provision of the services for which the fees are due.

3. If the budget result within the meaning of Article 97 is negative, it shall be

entered in the budget of the Joint Undertaking for the following financial year as payment appropriations or, where appropriate, offset against positive budget result of the Joint Undertaking in the following financial years.

4. The revenue or payment appropriations shall be entered in the budget of the Joint Undertaking during the budgetary procedure using the letter of amendment procedure set out in Article 39 of Regulation (EU, Euratom) No 966/2012 or, while implementation of the Joint Undertaking's budget is under way, by means of an amending budget.

CHAPTER 4

PRINCIPLE OF UNIT OF ACCOUNT

Article 21

Use of euro

The budget of the Joint Undertaking shall be drawn up and implemented in euro and the accounts shall be presented in euro. However, for cash flow purposes, the accounting officer and, in the case of imprest accounts, the imprest administrators shall be authorised to carry out operations in other currencies as laid down in the financial rules of the Joint Undertaking.

CHAPTER 5

PRINCIPLE OF UNIVERSALITY

Article 22

1. External assigned revenue and internal assigned revenue shall be used to finance specific items of expenditure.

2. The following shall constitute external assigned revenue:

(a) financial contributions from Members of the Joint Undertaking and third countries, including in both cases their public agencies, entities or natural persons, to certain activities of the Joint Undertaking, insofar as this is provided for in the agreement concluded between the Joint Undertaking and the Member, third countries or the public agencies, entities or natural persons in question;

(b) revenue earmarked for a specific purpose, such as income from foundations, subsidies, voluntary contributions, gifts and bequests;

(c) financial contributions, not covered by point (a), to the Joint Undertaking's activities from third countries or various non-Union bodies;

(h) revenue from non-EU organisations, notably the ITER Organization, arising from tasks which the Joint Undertaking carries out at their request upon Decision by the Governing Board in the context of the activities the Joint Undertaking is entrusted with under its Constituent instrument;

3. The following shall constitute internal assigned revenue:

(a) Revenue from third parties in respect of goods, services or work supplied at their request, with the exception of revenue from non-EU organisations referred to in Article 23(2)(h) and fees and charges referred to in Article 6(1)(a);

(b) proceeds from the sale of vehicles, equipment, installations, materials, and scientific and technical apparatus which are replaced or scrapped when the book value is fully depreciated;

(c) revenue arising from the repayment in accordance with Article 62, of amounts wrongly paid;

(d) proceeds from the supply of goods, services and works for Union institutions or other Union bodies;

(e) insurance payments received;

(f) revenue from lettings;

(h) revenue arising from subsequent reimbursement of taxes pursuant to Article 25(3)(b).

4. Without prejudice to Article 23(2)(g) the Constituent instrument may also assign the revenue for which it provides to specific items of expenditure. Unless specified otherwise in the Constituent instrument, such revenue shall constitute internal assigned revenue.

5. All items of revenue within the meaning of points (a) to (c) of paragraph 2 and points (a) and (d) of paragraph 3 shall cover all direct or indirect expenditure incurred by the activity or purpose in question.

6. The budget of the Joint Undertaking shall include lines to accommodate external assigned revenue and internal assigned revenue and wherever possible shall indicate the amount.

Assigned revenue may be included in the estimate of revenue and expenditure only for the amounts which are certain at the date of the establishment of the estimate.

Article 24 **Donations**

1. The Director may accept any donation made to the Joint Undertaking, such as voluntary contributions, foundations, subsidies, gifts and bequests.

2. Acceptance of donations which may involve a financial charge shall be subject to the prior authorisation of the Governing Board, or, where the Constituent instrument allows it, of a body delegated by the Governing Board, which shall take a decision within two months of the date on which the request is submitted to it. If the Governing Board or, where the Constituent instrument allows it, the body delegated by the Governing Board fails to take a decision within that period, the donation shall be deemed accepted.

Article 25 **Rules on deductions and exchange rates adjustments**

1. The following deductions may be made from payment requests which shall then be passed for payment of the net amount:

- (a) penalties imposed on parties to procurement contracts or beneficiaries;
- (b) discounts, refunds and rebates on individual invoices and cost statements;
- (c) adjustments for amounts unduly paid.

The adjustments referred to in point (c) of the first subparagraph may be made, by means of direct deduction, against a new interim payment or payment of a balance to the same payee under the chapter, article and financial year in respect of which the excess payment was made.

Union accounting rules shall apply to the deductions referred to in points (c) of the first subparagraph.

2. The cost of products or services provided to the Joint Undertaking incorporating taxes refunded by the Member States pursuant to the Protocol on the Privileges and Immunities of the European Union shall be charged to the budget of the Joint Undertaking for the ex-tax amount provided that it applies to the Joint Undertaking.

3. The cost of products or services provided to the Joint Undertaking incorporating taxes refunded by third countries on the basis of relevant agreements may be charged to the budget of the Joint Undertaking for any of the following:

- (a) the ex-tax amount;
- (b) the tax-inclusive amount. In such case, subsequently reimbursed taxes shall be treated as internal assigned revenue.

4. Any national taxes temporarily borne by the Joint Undertaking under paragraphs 2 and 3 shall be entered in a suspense account until they are refunded by the State concerned.

5. Any negative budget result shall be entered in the budget of the Joint Undertaking as expenditure.

6. Adjustments may be made in respect of exchange differences occurring in the implementation of the budget of the Joint Undertaking. The final gain or loss shall be included in the budget result for the financial year.

2. Beyond the limit referred in the first paragraph, the Director may propose to the Governing Board or, where the Constituent instrument allows it, a body delegated by the Governing Board, transfers of appropriations from one title to another. The Governing Board or, where the Constituent instrument allows it, the body delegated by the Governing Board shall have three weeks to oppose such transfers. After that time-limit they shall be deemed to be adopted.

3. 5. In order to improve decision-making, the Joint Undertaking shall undertake both *ex ante* and *ex post* evaluations, taking into account to the extent possible the guidance provided by the Commission. The establishment of such structure and systems shall be supported by a comprehensive risk analysis, which takes into account their cost-effectiveness.

The authorising officer may establish within his or her departments an expertise and advice function to help him or her control the risks involved in his or her activities.

3. To implement expenditure, the authorising officer shall make budgetary and legal commitments, shall validate expenditure and authorise payments and shall undertake the preliminary steps for the implementation of appropriations.

Article 45

4. *Ex ante* controls shall verify the coherence among supporting documents requested and any other information available. The extent in terms of frequency and intensity of the *ex ante* controls shall be determined by the authorising officer

responsible taking into account risk-based and cost-effectiveness considerations. In case of doubt, the authorising officer responsible for validating the relevant payment shall request complementary information or perform an on-the-spot control in order to obtain reasonable assurance as part of the *ex ante* control.

The purpose of the *ex ante* controls shall be to ascertain that:

(a) the expenditure is in order and complies with the relevant provisions;

The consolidated annual activity report shall indicate the results of the operations by reference to the objectives set, the risks associated with the operations, the use made

of the resources provided and the efficiency and effectiveness of the internal control systems, including an overall assessment of the costs and benefits of controls.

The consolidated annual report shall be submitted to the Governing Board for the assessment.

2. No later than 1 July each year the consolidated annual activity report together with its assessment shall be sent by the Governing Board to the Court of Auditors, to the Commission, to the European Parliament and the Council.

If a member of staff, involved in the financial management and control of transactions, considers that a decision he or she is required by his or her superior to apply or to agree to is irregular or contrary to the principles of sound financial management or the professional rules which that member of staff is required to observe, he or she shall inform the Director in writing who shall reply in writing. If the Director fails to take action or confirms the initial decision or instruction and the member of staff believes that such confirmation does not constitute a reasonable response to his or her concern, the member of staff shall inform the relevant panel referred to in 54(5) and the Governing Board in writing.

2. In the event of any illegal activity, fraud or corruption which may harm the interests of the Union, the member of staff shall inform the authorities and bodies designated by the applicable legislation. The guarantee referred to in point (b) of the first subparagraph may be replaced by a joint and several guarantee by a third party approved by the Joint Undertaking's accounting officer.

2. In exceptional circumstances, following a request by the debtor, the accounting officer may waive the requirement of a guarantee referred to in point (b) of the first subparagraph of paragraph 1 when, on the basis of his assessment, the debtor is willing and able to make the payment in the additional time period but is not able to lodge such guarantee and is in a distressed situation.

Article 65

List of entitlements

1. The accounting officer shall keep a list of amounts due to be recovered. The Joint Undertaking's entitlements shall be grouped in the list according to the date of the issue of the recovery order. The accounting officer shall also indicate decisions to waive or partially waive recovery of established amounts. The list shall be added to the Joint Undertaking's report on budgetary and financial management.

2. The Joint Undertaking shall establish a list of the Joint Undertaking's entitlements stating the names of the debtors and the amount of the debt, where the debtor has been ordered to reimburse by a court decision that has the force of *res judicata* and where no or no significant reimbursement has been made for one year following its pronouncement. The list shall be published, with due regard to the protection of personal data in accordance with the requirements of Regulation (EC) No 45/2001.

As far as personal data referring to natural persons are concerned, the information published shall be removed once the amount of the debt has been fully reimbursed. The same shall apply to personal data referring to legal persons for whom the official title identifies one or more natural persons.

The decision to include the debtor on the list of the Joint Undertaking entitlements shall be taken in compliance with the principle of proportionality and shall take into account, in particular the significance of the amount.

Article 66

Limitation Period

Entitlements of the Joint Undertaking in respect of third parties and entitlements of third parties in respect of the Joint Undertaking shall be subject to a limitation period of five years.

Article 67

Specific provisions applicable to fees and charges

Where the Joint Undertaking collects fees and charges referred to in Article 6(1)(a), an overall provisional estimate of such fees and charges shall be made at the beginning of each financial year.

Where fees and charges are entirely determined by legislation or decisions of the Governing Board, the authorising officer may abstain from issuing recovery orders and directly draw up debit notes after having established the amount receivable. In this case all details of the Joint Undertaking's entitlement shall be registered. The accounting officer shall keep a list of the debit notes and provide the number of the debit notes and the global amount in the Joint Undertaking's report on budgetary and financial management.

Where the Joint Undertaking uses a separate invoicing system, the accounting officer shall regularly and at least on a monthly basis, enter the accumulated sum of fees and charges received into the accounts.

The Joint Undertaking shall provide services by virtue of the tasks entrusted to it only after the corresponding fee or charge has been paid in its entirety. However, in exceptional circumstances, a service may be provided without prior payment of the corresponding charge or fee. In such cases where the service has been provided without prior payment of the corresponding charge or fee, Articles 60 to 66 shall apply.

**CHAPTER 5
EXPENDITURE OPERATIONS**

Article 68

Financing decisions

1. Every item of expenditure shall be committed, validated, authorised and paid.

2. Every commitment of expenditure shall be preceded by a financing decision.

3. The annual work programme of the Joint Undertaking shall be equivalent to a financing decision for the activities it covers, provided that the elements set out in Article 32(3) are clearly identified.

4. Administrative appropriations may be implemented without a prior financing decision.

Article 69

Type of commitments

1. A budgetary commitment is the operation by which the appropriation necessary to cover subsequent payments to honour legal commitments is reserved.

2. A legal commitment is the act whereby the authorising officer responsible enters into or establishes an obligation which results in a charge.

3. Budgetary commitments shall fall into one of the following three categories:

(a) individual: the budgetary commitment is individual when the recipient and the amount of the expenditure are known.

(b) global: the budgetary commitment is global when at least one of the elements necessary to identify the individual commitment is still not known.

(c) provisional: the budgetary commitment is provisional when it is intended to cover routine administrative expenditure and either the amount or the final payees are not definitively known.

The provisional budget commitment shall be implemented either by the conclusion of one or more individual legal commitments giving rise to an entitlement to subsequent payments or, in exceptional cases relating to

expenditure on staff management, directly by payments.

4. Budgetary commitments for actions extending over more than one financial year may be broken down over several years into annual instalments pursuant to Section 5 of Annex III to the Joint Undertaking's Statutes or where they relate to administrative expenditure.

Article 70

Rules applicable to commitments

1. In respect of any measure which may give rise to expenditure chargeable to the budget, the authorising officer shall make a budgetary commitment before entering into a legal commitment with third parties.

2. The obligation to make a budgetary commitment before entering into a legal commitment as provided for in paragraph 1 shall not be applicable to legal commitments concluded in fulfilment of its tasks under Article 1(2) of the Constituent Instrument in cases of extreme urgency brought about by events not attributable to the Joint Undertaking when prior booking of the individual budgetary commitment would cause disproportionate additional costs, provided that these are taken in accordance with the procedures adopted by the Joint Undertaking. The booking of the budgetary commitment shall be done without delay after entering into a legal commitment with third parties.

3. Global budgetary commitments shall cover the total cost of the corresponding individual legal commitments concluded up to 31 December of year N+1.

Subject to Articles 69(4) and 87(2), individual legal commitments relating to individual or provisional budgetary commitments shall be concluded by 31 December of year N.

At the end of the periods referred to in the first and the second subparagraph, the unused balance of such budgetary

commitments shall be decommitted by the authorising officer.

The amount of each individual legal commitment adopted following a global budgetary commitment shall, prior to signature, be registered by the authorising officer in the budgetary accounts and booked to the global budgetary commitment.

4. The budgetary and legal commitments entered into for actions extending over more than one financial year shall, except in the case of staff expenditure, have a final date for implementation set in accordance with the principle of sound financial management.

Any parts of such commitments which have not been executed six months after the date referred to in the first subparagraph of this paragraph shall be decommitted in accordance with Article 16.

The amount of a budgetary commitment corresponding to a legal commitment for which no payment within the meaning of Article 75 has been made within two years of the signing of the legal commitment shall be decommitted, except where that amount relates to a case under litigation before judicial courts or arbitral bodies or there are special provisions in the Constituent instrument.

Article 71

Checks applicable to commitments

1. When adopting a budget commitment, the authorising officer shall ensure that:

(a) the expenditure has been charged to the correct item in the budget of the Joint Undertaking;

(b) the appropriations are available;

(c) the expenditure is in compliance with the applicable provisions, in particular those of the Constituent instrument, this

Regulation and all acts of the Joint Undertaking adopted pursuant to them;

(d) the principle of sound financial management is respected.

2. When registering a legal commitment by physical or electronic signature, the authorising officer shall ensure that:

(a) the commitment is covered by the corresponding budgetary commitment;

(b) the expenditure is legal and regular and in compliance with the applicable provisions, in particular those of the Constituent instrument, this Regulation and all acts adopted pursuant to them;

(c) the principle of sound financial management is respected.

Article 72

Validation of expenditure

Validation of expenditure is the act whereby the authorising officer responsible:

(a) verifies the existence of the creditor's entitlement;

(b) determines or verifies the reality and the amount of the claim;

(c) verifies the conditions according to which payment is due.

Article 73

Validation and material form of 'passing for payment'

1. Validation of any expenditure shall be based on supporting documents attesting the creditor's entitlement, on the basis of a statement of services actually rendered, supplies actually delivered or work actually carried out, or on the basis of other documents justifying payment, including recurring payments of subscriptions or training courses.

2. The authorising officer shall personally check the supporting documents or shall, on his own responsibility, ascertain that this has been done, before taking the decision validating the expenditure.

3. The validation decision shall be expressed by the signing of a 'passed for payment' voucher by the authorising officer responsible.

4. In a non-computerised system, 'passed for payment' shall take the form of a stamp incorporating the signature of the authorising officer.

In a computerised system, 'passed for payment' shall take the form of validation using the personal password of the authorising officer.

Article 74

Authorisation of expenditure

1. Authorisation of expenditure is the act by which the authorising officer, having verified that the appropriations are available, instructs the accounting officer, by issuing a payment order, to pay an amount of expenditure which the authorising officer has validated.

Where periodic payments are made with regard to services rendered, including rental services, or goods delivered, and subject to the authorising officer's risk analysis, the authorising officer responsible may order the application of a direct debit system.

2. The payment order shall be dated and signed by the authorising officer, then sent to the accounting officer. The supporting documents shall be kept by the authorising officer responsible in accordance with Article 44(5).

3. Where appropriate, the payment order sent to the accounting officer shall be accompanied by a document certifying that the goods have been entered in the

inventories referred to in Article 106(1).

Article 75
Types of payments

1. Payment shall be made on production of proof that the relevant action has been carried out in accordance with the Constituent instrument or the contract or grant or other agreement, and shall cover one of the following operations:

- (a) payment of the entire amount due;
- (b) payment of the amount due in any of the following ways:
 - (i) pre-financing, which may be divided into a number of payments after the signature of the contract or grant agreement or after notification of a grant decision;
 - (ii) one or more interim payments as a counterpart of a partial execution of the action;
 - (iii) payment of the balance of the amounts due where the action is completely executed.

Pre-financing shall provide a float. It may be split into a number of payments in accordance with sound financial management.

An interim payment, which may be repeated, may cover expenditure incurred for the implementation of the decision or agreement or to pay for services, supplies or works completed and/or delivered at interim stages of the contract. It may clear pre-financing in whole or in part, without prejudice to the provisions in the Constituent instrument.

The closure of the expenditure shall take the form of the payment of the balance which may not be repeated and which clears all preceding expenditure, or a recovery order.

2. A distinction shall be made in the budgetary accounting between the different

types of payment referred to in paragraph 1 at the time each payment is made.

Article 76
Payment limited to funds available

Payment of expenditure shall be made by the accounting officer within the limits of the funds available.

Article 77
Time limits

The payment of expenditure shall be carried out within the time limits specified in, and in accordance with, Regulation (EU, Euratom) No 966/2012 and Delegated Regulation (EU) No 1268/2012.

CHAPTER 6
IT SYSTEMS

Article 78
Electronic management of operations

Where revenue and expenditure operations are managed by means of computer systems, documents may be signed by a computerised or electronic procedure.

Article 79
e-Government

The Joint Undertaking shall establish and apply uniform standards for the electronic exchange of information with third parties participating in procurement and grant procedures. In particular, the Joint Undertaking shall, to the greatest possible extent, design and implement solutions for the submission, storage and processing of data submitted in grant and procurement procedures, and to this end, shall put in place a single electronic data interchange area for applicants, candidates and tenderers.

Article 80
Good administration

1. The authorising officer shall make known without delay the need to supply

evidence and/or documentation, their form and prerequisite content, as well as, where appropriate, the indicative timetable for completion of award procedures.

2. Where, due to an obvious clerical error on the part of the applicant or tenderer, the applicant or tenderer omits to submit evidence or to make statements, the evaluation committee or, where appropriate, the authorising officer shall, except in duly justified cases, ask the applicant or tenderer to provide the missing information or clarify supporting documents. Such information or clarifications shall not substantially change the proposal or alter the terms of the tender.

Article 81

Indication of means of redress

Where a procedural act of an authorising officer adversely affects the rights of an applicant or tenderer, beneficiary or contractor, it shall contain an indication of the available means of administrative and/or judicial redress for challenging that act. In particular, the nature of the redress, the body or bodies before which it can be brought, as well as time limits for their exercise shall be indicated.

CHAPTER 7 INTERNAL AUDITOR

Article 82

Appointment and powers and duties of the internal auditor

1. The Joint Undertaking shall have an internal auditing function which shall be performed in compliance with the relevant international standards.

2. The internal audit function shall be performed by the Commissions' internal auditor. The internal auditor may be neither authorising officer nor accounting officer neither of the Joint Undertaking nor of the Commission.

3. The internal auditor shall advise the Joint Undertaking on dealing with risks, by issuing independent opinions on the quality of management and control systems and by issuing recommendations for improving the conditions of implementation of operations and promoting sound financial management.

The internal auditor shall be responsible, in particular, for:

(a) assessing the suitability and effectiveness of internal management systems and the performance of departments in implementing programmes and actions by reference to the risks associated with them;

(b) assessing the efficiency and effectiveness of the internal control and audit systems applicable to each operation for implementation of the budget of the Joint Undertaking.

4. The internal auditor shall perform his or her duties in relation to all the Joint Undertaking's activities and departments. The internal auditor shall enjoy full and unlimited access to all information required to perform his or her duties.

5. The internal auditor shall take note of the consolidated annual activity report of the authorising officer and any other pieces of information identified.

6. The internal auditor shall report to the Governing Board, or where the Constituent instrument allows it, a body delegated by the Governing Board and to the Director on his or her findings and recommendations.

The internal auditor shall also report in any of the following cases:

- critical risks and recommendations have not been addressed;
- there are significant delays in the implementation of the

recommendations made in previous years.

The Governing Board, or where the Constituent instrument allows it, a body delegated by the Governing Board, and the Director shall ensure regular monitoring of the implementation of audit recommendations. The Governing Board, or, where the Constituent instrument allows it, a body delegated by the Governing Board shall examine the information referred to in the Article 47(1)(a) and whether the recommendations have been fully and timely implemented.

7. The Joint Undertaking body shall make available the contact details of the internal auditor to any natural or legal person involved in expenditure operations, for the purposes of confidentially contacting the internal auditor.

8. The reports and findings of the internal auditor shall be accessible to the public only after validation by the internal auditor of the action taken for their implementation.

Article 83

The independence of the internal auditor, his or her liability for action taken in the performance of his or her duties and the right of the internal auditor to bring action before the Court of Justice of the European Union shall be determined in accordance with Article 100 of Regulation (EU, Euratom) No 966/2012.

Article 84

Establishment of internal audit capability

1. The Governing Board or, where the Constituent instrument allows it, a body delegated by the Governing Board shall establish, with due regard to cost effectiveness and added value, an internal audit capability which shall perform its duties

in compliance with the relevant international standards.

The purpose, authority and responsibility of the internal audit capability shall be provided for in the internal audit charter and shall be subject to the approval of the Governing Board, or, where the Constituent instrument allows it, a body delegated by the Governing Board.

The annual audit plan of an internal audit capability shall be drawn up by the Head of the internal audit capability taking into consideration, *inter alia*, the Director's assessment of risk in the Joint Undertaking.

It shall be reviewed and approved by the Governing Board or, where the Constituent instrument allows it, a body delegated by the Governing Board.

The internal audit capability shall report to the Governing Board, or, where the Constituent instrument allows it, to a body delegated by the Governing Board, and the Director on his or her findings and recommendations.

2. The internal audit actors shall cooperate efficiently through exchanging information and audit reports and, where appropriate, establishing joint risk assessments, and carrying out joint audits.

The Governing Board or, where the Constituent instrument allows it, a body delegated by the Governing Board and the Director shall ensure regular monitoring of the implementation of internal audit capability's recommendations.

TITLE V

PROCUREMENT

Article 85

General provisions

1. As regards procurement, Title V of Regulation (EU, Euratom) No 966/2012 and Delegated Regulation (EU) No 1268/2012 shall

apply subject to the derogations set out in Articles 85a to 85f and subject to Article 86.

2. Before any future amendment to Title V of Regulation (EU, Euratom) No 966/2012 and Delegated Regulation (EU) No 1268/2012, respectively, enters into force for the Joint Undertaking, the Governing Board shall assess whether any such amendment affect the existing derogations listed in Articles 85a to 85f, and adopt any modifications required by its specific operating needs, subject to prior consultation with the Commission.

3. The Joint Undertaking may be associated, at its request, as contracting authority, in the award of Commission or interinstitutional contracts and with the award of contracts of other Union bodies.

4. The Joint Undertaking shall participate in the central exclusion database set up and operated by the Commission pursuant to Article 108 of Regulation (EU, Euratom) No 966/2012.

Article 85a

Participation to the procurement procedures

1. By way of derogation to Article 119 of Regulation (EU, Euratom) No 966/2012, participation in procurement procedures shall be open on equal terms to all natural persons who are nationals of a Member of the Joint Undertaking and legal persons who are legally established in the territory of a Member of the Joint Undertaking.

Establishment, as referred to in subparagraph 1, means the actual pursuit of a genuine economic activity by an economic operator formed in accordance with the law of a Member of the Joint Undertaking and having its registered office, central administration or principle place of business within the territory of a Member of the Joint Undertaking.

2. The participation in procurement procedures may also be open to other economic operators than referred to in

paragraph 1, if so decided by the Director having regard to the opinion of the Procurement and Contracts Committee and with due regard to the objectives set out in the Industrial Policy of the Joint Undertaking.

3. The Joint Undertaking shall report annually to the Governing Board and the Budgetary Authority on the procurement procedures and signature of contracts carried out in the previous year.

Article 85b

Exclusion of certain contracts with the ITER Organization, Domestic Agencies and host states

Where a public procurement procedure is not possible or appropriate, the Joint Undertaking may, following the approval of the Governing Board or the body delegated by it, conclude a contract, without having recourse to a public procurement procedure, with the ITER Organisation, the ITER Domestic Agencies and the Member States (including its public authorities) hosting the ITER Organisation, the Joint Undertaking or its antennas, for the supply of goods, the provision of services or the execution of a work or works.

Article 85c

Joint procurement with the ITER Organization, the Domestic Agencies and Japan

In addition to the entities referred to in Article 104a(2) of Regulation (EU, Euratom) No 966/2012, the Joint Undertaking may conduct joint procurements also with the ITER Organization, the other Domestic Agencies and Japan in fulfilment of its tasks listed in Article 1(2) of the Constituent Instrument. In the case of joint procurement with these entities and when the fourth subparagraph of Article 104a(2) of Regulation (EU, Euratom) No 966/2012 is applicable, the requirement of equivalence set out therein shall be considered to be met if the rules of the other entity comply with the procurement principles and in particular the ones set out in Article

102 of Regulation (EU, Euratom) No 966/2012.

Article 85d

Negotiated procedure without publication of a contract notice, on the basis of a single tender

By way of derogation to Articles 124(1), 128(6), 136, 136(a), 137(1) and 137(2) of Delegated Regulation (EU) No 1268/2012, contracts for supplies and services, the result of which is intended to be used for the purposes of research, experiment, study or development within the context of the implementation of the Joint Undertaking's operational tasks referred to in Article 1(2) of the Constituent Instrument, where the estimated value is below the thresholds referred to in Article 118(1) of Regulation (EU, Euratom) 966/2012, may be awarded by a negotiated procedure following the arrangements on negotiation set out in Article 104(4) of Regulation (EU, Euratom) No 966/2012. Article 124(1) and paragraphs 1 and 2 of Article 128 of Delegated Regulation (EU) No 1268/2012 shall not apply to such negotiated procedures.

Article 85e

Use of the negotiated procedure without prior publication for additional deliveries

By way of derogation to Article 134(1)(f)(i) of Delegated Regulation (EU) No 1268/2012, instead of the last sentence of the aforementioned provision, the following shall apply to the Joint Undertaking: „the duration of such contracts shall not, as a general rule, exceed three years”.

Article 85f

Performance and modifications of the contract

1. Article 114a of Regulation (EU, Euratom) 966/2012 shall not apply to the Joint Undertaking.
2. Performance of the contract shall not start before the contract is signed.

3. The Joint Undertaking may modify a contract or framework contract without a procurement procedure only in the cases provided for in paragraph 4 and provided the modification does not alter the subject matter of the contract or framework contract.

4. A contract or a specific contract under a framework contract may be modified without a new procurement procedure in any of the following cases:

(a) for additional works, supplies or services by the original contractor that have become necessary and that were not included in the initial procurement, where a change of contractor:

(i) cannot be made for economic or technical reasons linked to interchangeability or interoperability requirements with existing equipment, services or installations; and

(ii) would cause significant inconvenience or substantial duplication of costs for the Joint Undertaking.

However, any increase in price shall not exceed 50 % of the value of the original contract. Where several successive modifications are made, that limitation shall apply to the value of each modification. Such consecutive modifications shall not be aimed at circumventing this Financial Regulation.

(b) where the following conditions are fulfilled:

(i) the need for modification has been brought about by circumstances which the Joint Undertaking, acting in a diligent manner, could not foresee; and

(ii) any increase in price does not exceed 50% of the initial contract value. Where several successive modifications are made, that limitation shall apply to the value of each modification. Such

consecutive modifications shall not be aimed at circumventing this Financial Regulation;

(c) where the value of the modification is below the following thresholds:

(i) the thresholds referred to in Article 118(1) of Regulation (EU, Euratom) No 966/2012; and

(ii) 10% of the initial contract value for public service and supply contracts and works or services concession contracts and 15% of the initial contract value for public works contracts;

(d) where the modifications, irrespective of their value, are not substantial within the meaning of paragraph 5.

Points (a), (c) and (d) of the first subparagraph of this paragraph may also apply to framework contracts.

The initial contract value shall take into account price revisions and exercised options.

The net cumulative value of several successive modifications under point (c) of the first subparagraph of this paragraph shall not exceed any threshold referred to therein.

The Joint Undertaking shall apply the ex post publicity measures set out in Article 103 of Regulation (EU, Euratom) No 966/2012.

5. A modification of a contract or a framework agreement during its term shall be considered to be substantial within the meaning of point (d) of paragraph 4, where it renders the contract or the framework contract materially different in character from the one initially concluded. In any event, without prejudice to paragraph 4, a modification shall be considered to be substantial where one or more of the following conditions is met:

(a) the modification introduces conditions which, had they been part of the initial procurement procedure, would have allowed for the admission of other candidates than those initially selected or for the acceptance of a tender other than that originally accepted or would have attracted additional participants in the procurement procedure;

(b) the modification changes the economic balance of the contract or the framework contract in favour of the contractor in a manner which was not provided for in the initial contract or framework contract;

(c) the modification extends the scope of the contract or framework contract considerably;

(d) where a new contractor replaces the one to which the Joint Undertaking had initially awarded the contract in other cases than an unequivocal review clause or option to this effect, or universal or partial succession into the position of the initial contractor.

Article 86

Procurement Procedures

1. The Joint Undertaking may conclude a contract, without having recourse to a public procurement procedure, with the Commission, the interinstitutional offices and the Translation Centre for bodies of the European Union established by Council Regulation (EC) No 2965/94⁽⁶⁾ for the supply of goods, provision of services or performance of work that the latter provide.

2. The Joint Undertaking may use joint procurement procedures with contracting authorities of the Host State to cover its administrative needs. In such case, Article 133

⁶ Council Regulation (EC) No 2965/1994 of 28 November 1994 setting up a Translation Centre for bodies of the European Union (OJ L 314, 7.12.1994, p.1).

of Delegated Regulation (EU) No 1268/2012 shall apply *mutatis mutandis*.

TITLE VI
SPECIFIC PROVISIONS
REGARDING ADMINISTRATIVE
APPROPRIATIONS

Article 87

Administrative appropriations

1. Administrative appropriations shall be non-differentiated appropriations.
2. Administrative expenditure arising from contracts covering periods that extend beyond the financial year, either in accordance with local practice or relating to the supply of equipment, shall be charged to the Joint Undertaking's budget of the financial year in which it is effected.
3. Without prejudice to the Host Agreement on Site and Support, Privileges and Immunities between the Kingdom of Spain and the Joint Undertaking, the Joint Undertaking shall provide the European Parliament and the Council, by 1 July each year, with a working document on its building policy, which shall incorporate the following information:
 - (a) for each building, the expenditure and surface area covered by the appropriations of the corresponding lines in the budget of the Joint Undertaking;
 - (b) the expected evolution of the global programming of surface area and locations for the coming years with a description of the building projects in planning phase which are already identified;
 - (c) the final terms and costs, as well as relevant information regarding project implementation of new building projects previously submitted to the European Parliament and the Council under the procedure established in Article 88 and not

included in the preceding year's working documents.

Article 88

Building projects

1. For any building project likely to have significant financial implications for the budget of the Joint Undertaking, the Joint Undertaking shall inform the European Parliament and the Council as early as possible about the building surface area required and provisional planning before any prospecting of the local market takes place, in the case of building contracts, or before invitations to tender are issued, in the case of building works.
2. For any building project likely to have significant financial implications for the budget of the Joint Undertaking, the Joint Undertaking shall present the building project, including its detailed estimated costs and its financing, as well as a list of draft contracts intended to be used, and shall request the approval of the European Parliament and the Council before contracts are concluded. At the request of the Joint Undertaking, documents submitted relating to the building project shall be treated confidentially. Except in cases of *force majeure*, the European Parliament and the Council shall deliberate upon the building project within four weeks of its receipt by both institutions.

The building project shall be deemed approved at the expiry of this four-week period, unless the European Parliament or the Council take a decision contrary to the proposal within that period of time.

If the European Parliament and/or the Council raise duly justified concerns within that four-week period, that period shall be extended once by two weeks.

If the European Parliament or the Council takes a decision contrary to the building project, the Joint Undertaking shall withdraw its proposal and may submit a new one.

3. In cases of *force majeure*, the information provided for in paragraph 4 may be submitted jointly with the building project. The European Parliament and the Council shall deliberate upon the building project within two weeks of its receipt by both institutions. The building project shall be deemed to be approved at the expiry of this two-week period, unless the European Parliament and/or the Council take a decision contrary to the proposal within this period of time.

4. The following shall be considered as building projects likely to have significant financial implications for the budget of the Joint Undertaking:

- (a) any acquisition of land;
- (b) the acquisition, sale, structural renovation, construction of buildings or any project combining these elements to be implemented in the same timeframe, exceeding EUR 3 000 000;
- (c) any new building contract (including usufructs, long-term leases and renewals of existing building contracts under less favourable conditions) not covered by point b) with an annual charge of at least EUR 750 000;
- (d) the extension or renewal of existing building contracts (including usufruct and long-term leases) under the same or more favourable conditions, with an annual charge of at least EUR 3 000 000.

5. Without prejudice to Article 19(4), a building acquisition project may be financed through a loan, subject to prior approval by the European Parliament and the Council.

Loans shall be contracted and repaid in accordance with the principle of sound financial management and with due regard to the best financial interests of the Union.

When the Joint Undertaking proposes to finance the acquisition through a loan, the

financing plan to be submitted, together with the request for prior approval by the Joint Undertaking, shall specify in particular, the maximum level of financing, the financing period, the type of financing, the financing conditions and savings compared to other types of contractual arrangements.

The European Parliament and the Council shall deliberate upon the request for prior approval within four weeks, extendable once by two weeks, of its receipt by both institutions. The acquisition through a loan shall be deemed to be rejected if the European Parliament and the Council do not expressly approve it within the deadline.

6. Paragraphs 1 to 5 of the present Article shall be without prejudice to the Host Agreement on Site and Support, Privileges and Immunities between the Kingdom of Spain and the Joint Undertaking.

TITLE VII EXPERTS

Article 89

Remunerated external experts

Article 287 of Delegated Regulation (EU) No 1268/2012 shall apply *mutatis mutandis* to the selection of experts. Such experts shall be paid on the basis of a fixed amount announced in advance and shall be chosen on the basis of their professional capacity. The selection shall be done on the basis of selection criteria respecting the principles of non-discrimination, equal treatment and absence of conflict of interests.

TITLE VIII GRANTS AND PRIZES AWARDED BY THE JOINT UNDERTAKING

Article 90

Grants

1. Where the Joint Undertaking may award grants in accordance with the

Constituent instrument or by delegation of the Commission pursuant to Article 58(1)(c)(iv) of Regulation (EU, Euratom) No 966/2012, the relevant provisions of that Regulation and Delegated Regulation (EU) No 1268/2012 shall apply subject to the derogations set out in Articles 90a to 90d.

2. Before any future amendment to Title VI of Regulation (EU, Euratom) No 966/2012 and Delegated Regulation (EU) No 1268/2012, respectively, enters into force for the Joint Undertaking, the Governing Board shall assess whether any such amendment affects the existing derogations listed in Articles 90a to 90d, and adopt any modifications required by its specific operating needs, subject to prior consultation with the Commission.

Article 90a

Contributions under international agreements or arrangements

In addition to the items listed in Article 121 of Regulation (EU, Euratom) No 966/2012, contributions of the Joint Undertaking under international agreements or arrangements shall not constitute grants within the meaning of Title VI of Regulation (EU, Euratom) No 966/2012.

Article 90b

Duration of framework partnerships

In derogation to Article 178(2) of Delegated Regulation (EU) No 1268/2012, the duration of framework partnerships may exceed four years.
