**1. Why does F4E process my personal data?
Whose data is processed?**

The data processing concerns external experts providing their expertise to F4E. This can concern:

- Persons who register online following the publication of a call for expression of interest. The aim of the processing of their personal data is to establish lists of experts (in the form of an online database) who can be selected to sign a contract with F4E for the provision of specific expertise. Additionally, data might be processed in order to sign and implement the contract with the respective expert(s).
- Persons who are invited to attend a meeting on F4E premises and/or on behalf of F4E and are not awarded a contract to do so. The personal data of experts without contracts is processed in order to compile an attendee list and reimburse expenses made by the respective experts.

For the establishment of lists of experts who can sign a contract for the provision of specific expertise, F4E receives candidates' applications through a dedicated e-recruitment tool ('Gestmax Recruitment') maintained by Kioskemploi - Societe Anonyme (sylvain.patouillard@kioskemploi.com).
