The data is processed by F4E (responsible unit) itself
The data is processed by a third party (e.g. contractor) (Art. 29 – Processor):

be found at F4E_IDM_2H7RN9 with restricted access to HR, Finance and IAC
3) Purpose and Description of the processing (Article 31.1(b))
Why is the personal data being processed? Specify the underlying reason for the processing and what you intend to achieve. Describe, summarise the substance of the processing.
When you (later on) intend to further process the data for another purpose, please inform the Data Subject in
advance.

Data is processed to provide eligible F4E staff members and Seconded National Experts (SNEs) with the possibility to register their children to the Direct Payment of School Fees scheme ("Schooling"). Staff members/SNEs whose children are enrolled in one of the schools F4E has signed an agreement with, shall introduce, on a yearly basis, a request for the direct payment of school fees by F4E through e-HR data management tool. They need to introduce the name of the child, the name of the school, the scholar grade each child attends and what kind of school transport they use. The data is processed to check and validate the invoices sent by each school and to pay school transportation costs or reimburse the staff. In this context, F4E just confirms the list of children enrolled which is sent by the schools by email. Only when the list of names differ from the ones declared by the staff, F4E sends an email with the names of the children to the schools either to ratify their continuity in the school or to endorse F4E's coverage. F4E is not involved in the enrolment of the staff members' children to schools; it is the staff member who contacts the school and provides on a voluntary basis their personal data for enrolment purposes.

Staff members who directly paid the transport costs shall introduce a request for reimbursement of school transport costs, with proof of the expenditure (invoices or public transportation tickets) as well as proof of payment. The data is also processed to inform Payment Master Office (PMO) on a yearly basis of the list of parents and children benefiting from this scheme in order to avoid PMO paying the school allowance provided for in the Staff Regulations (SR). Finally, statistics may also be issued (with anonymised data) for follow-up purposes.
