1. [Whose data are processed? Why does F4E specifically need my personal data?](#)

The data processing concerns the prevention and management of Spontaneous Declarations of Interest (Spontaneous Dols) and Specific Declarations of Interest (Specific Dols). The data processing with regard to the Spontaneous Dols concerns any staff member of any Department who encounters himself/herself in a potential conflict of interest situation during performance of, or in connection with his/her work. The data processing with regard to the Specific Dols concerns the staff members required by the Staff Regulations and the F4E's legal framework for performing a "specific task".

The purpose of this procedure is to identify (possible) Conflicts of Interest of F4E staff in order to mitigate the risk that past, current or future personal or financial interests, or any outside influences, might impair the impartiality and independence of the staff member during the performance of their specific duties.

It's a tool to prevent irregularities and fraud to happen.
