

PERSONAL INFORMATION Jérôme Bucalossi

WORK EXPERIENCE

From 2017	Scientific Responsible of CEA nuclear fusion segment Atomic and Alternative Energies Commission (CEA), Cadarache, France
2013-2016	Head of the WEST Project (French Tokamak) Atomic and Alternative Energies Commission (CEA), Cadarache, France
2011-2013	Head of the Plasma Wall Integration Department (CEA Institute for Magnetic Fusion Research, CEA-IRFM) Atomic and Alternative Energies Commission (CEA), Cadarache, France
2008-2011	Plasma Edge Physics Group Leader (CEA-IRFM) Atomic and Alternative Energies Commission (CEA), Cadarache, France
2005-2008	Deputy Head of the Tokamak Operations Department (CEA-IRFM) Atomic and Alternative Energies Commission (CEA), Cadarache, France
2003-2005	Tore Supra Plasma Operations Group Leader (CEA-IRFM) Atomic and Alternative Energies Commission (CEA), Cadarache, France
2000-2001	Physicist in the JET Heating and Fuelling Department Joint European Torus (JET), CCFE, Culham, United Kingdom
1998-2003	Physicist in the Tore Supra Plasma Operations Group Atomic and Alternative Energies Commission (CEA), Cadarache, France
1997-1998	Physicist in the Neutral Beam group Max-Planck Institut for Plasma Physics (IPP), Garching, Germany

EDUCATION AND TRAINING

1994-1997	Doctor of Science (Plasma Physics) Université Pierre et Marie Curie (UPMC), Paris, France
1990-1991	Postgraduate degree in Plasma Physics Université Paul Sabatier, Toulouse, France
1987-1990	Mechanical engineering degree Ecole Centrale de Nantes, France

ADDITIONAL INFORMATION

Publications	More than 100 publications in refereed journals
Seminars	Lectures at the International School on Fusion Technologies (KIT, Germany)
